

July 2026 Newsletter

Learning Journals

We are finishing off the journals for the school leavers. They should be complete by 10th July, and you can download on the week 13-17th July.

After that we will begin to remove them.

Attached to this newsletter is a guide to downloading, if you have any problems, please let us know.

From August 2026 we will have a 3-5 Gaelic playroom and an English 2-5 playroom.

Gaelic 'Tiree' playroom is now at the top of the building where the 2-3 playroom was. This is a slightly bigger room with a better layout which will enable better use of space and resources.

English 'Mull' playroom now has 3 rooms all joining into each other, allowing free flow between rooms as well as outdoors. At the start of each term, you will be advised which playroom your child's keyworker will be in and that's where your sign in register will be.

We will be on hand to keep you right

If you have any questions or concerns,
please let us know. 😊

Please remember to take away any clothes, wellies etc asap. We will be clearing out and making room for new children starting.

Thank you

Friday 14th August

All our friends that have started school are invited to come for a visit between 3pm-4pm and tell us all about your first few days at 'big' school.

Please note the
Car Park is for staff use only
unless
agreed with a member of the
leadership team.
This is for the safety of the
children.
Thank you

Downloading Learning Journals

When downloading your child's learning journal, it will be formatted onto a Pdf document.

This will not show videos.

If you wish to keep the videos from your child's journal you need to export the child's gallery.

You need to do this from the web version and not the app.

Go to the Gallery page on the child's profile and click Download Gallery.

This provides an export of all the media.

This can take quite a while to happen, and requests are normally processed out with office hours. You can make the request at any time.

Hopefully this helps, if not, let us know.
